

James Rockett, Chair
Lower Bartlett Water Precinct.
P.O. Box 315
Intervale, NH 03845

Re: Letter of Intent – _____
(Entity)

Dear Mr. Rockett,

I am writing on behalf of (Name of Entity)_____
as its (Title)_____. We understand that the Lower Bartlett
Water Precinct (the “Precinct”) desires to extend the Precinct’s municipal water system (the “Water
System”) to the municipal line of the Bartlett Village Water Precinct (the “Project”), and in
connection therewith is submitting an application to the Drinking and Groundwater Trust Fund for
grant/loan funding for the Project. We further understand that extension of the Precinct’s Water
System in this manner will create the opportunity for
(Entity)_____ to tie into the Precinct’s Water
System and become a customer of the Precinct. Please consider this letter as Letter of Intent of
(Entity)_____ to confirm our commitment to tie
into the Precinct’s Water System and become a customer of the Precinct at its customary rates,
charges and fees in the event the Precinct extends its Water System to the municipal line of the
Bartlett Village Water Precinct. This Letter of Intent is qualified and non-binding and neither
(Entity)_____ nor the Precinct shall have any
rights or obligations hereunder as to the other, of any kind, unless and until a binding and formal
Water User Agreement is finalized and executed by the parties at the time the Project is completed.

Very truly yours,
